

Your Security Workshop Package – Including The Champion!
Two-day practical workshop + Hirschmann EAGLE + Accessories

Hirschmann is number one in the "Network Security" domain. Readers of the "GIT Security and Management" trade journal voted the EAGLE Firewall System number one in the 1st GIT Security Award category.

And as the leading training provider in the security sector we are pleased to offer you **an additional highlight**: the new, two-day [Network Security Workshop](#). In this workshop you will learn all the most important security aspects for day to day running of your network.

Our one-off package for you:

Sign up now for the first workshop, and you will also receive Hirschmann's award winning EAGLE together with accessories at an unbelievable package price:
